taking away our recycling - mojoe

===== aritmo I think it is ok to have a sort of robot that can check if a can is recyclable or not. But the ability of a robot to empty a bin in itself is far more than needed. I have a feeling that people wanting to "save the environment" are just increasing the cost of the actual job of recycling to the point where it is impossible for an average person to do. -66, -3, -2
