Medaman is a hero that can fight in the underworld. He is full of heroism and justice.. He could become the Dark Force if he's not careful. The game is where you will play as Medaman. You fight with his powerful kicks and punches to fight off the enemies! Dodge while shooting or evade to counter attack, and defeat as many enemies as you can! Medaman uses his futuristic weapon that can create a weakly-anchored parachute that will allow him to float in the air. He can dash at his enemies while using this. Add slashing to his kick attack to deal more damage. Use his shurikens to hit his enemies with an explosive hitbox. In this game, you can play through two main game modes, Story Mode and Single Player Mode. Story Mode: The story of Medaman starts in his childhood. While Medaman's father was experiencing a fight with the Demon King, the Demon King killed his father. At the same time, the Demon King took away Medaman's soul and transformed him into a symbol of darkness. Wear the mask of the Dark Force and fight the Demon King. *Single Player Mode: In the Single Player mode, you can fight off in order to collect the energy of the world. You

have to defeat the enemies along the way and collect the power that they drop. The energy will help you to fight the demons more powerfully. In addition, you can fight against your shadow of darkness. Your Shadow also has a number of power and abilities. **Strategies:** In the strategy section, you can get some hints from what I do. Make use of shortcuts as much as possible! When you have an opening, take advantage of it and make your way! It's much faster to dodge than to fight! Never underestimate the power of bombs! You can throw grenades that explode and deal damage to the enemies. When getting shot, you can perform a rapid shot that will slow the enemy down and deal damage to them. Finally, in the movement section, there are a number of characters you can play as. This game allows you to change your character in order to enjoy the game the way you want to! Let's get started! Get out and fight! "Medaman is the one who will end the Demon King. All of the world will be in peace. Medaman!!"
