Mario Centeno was among the first three ministers sworn in as Portugal's Minister of Finance, Economy and Competitiveness, after he was elected in an internal party vote on Tuesday evening. Nuno Crato, an independent, was re-elected as Portugal’s Minister for Agriculture, Food and Environment. He will also hold the energy portfolio, as well as vice president of the European Investment Bank (EIB).Q: Read multiple lines in python and replace values I have some text that I read from a file in python and I want to be able to replace some values in that text. I read the file line by line using the with statement. #Read file with open("./Test/Variables.txt", "r") as f: for line in f: print(line) Variable names and values can be different, so in my example I only show it with one. The text is something like this: #env:local { "testing": { "brand": "Test Brand", "size": "1x1", "value": "1",
