Autonomous Vehicles. Mavis Beacon Teaches Typing Complete Free And Simple To Learn. Autopilot is an option available on the Tesla Model S and X models as of 2017. To be clear, that is more Autopilot than Automatic Emergency Braking; the latter is standard on all Model S and X models. Autopilot is a driver assistance system that uses sensors and cameras to keep drivers and passengers aware of all relevant traffic and road conditions. It also takes over most of the work of driving.
