This is a game I've wanted to play since I saw the first Mai-HiME, so I was super excited to hear that they were making one on PC! I played through a few of them, and it is very good! I recommend it to anyone who likes the series. The gameplay is pretty addictive, and it's really easy to get hooked on. I even loved how well the story line was based in reality. When I first started reading the script, I didn't know what was going on, and I was so invested, I was shocked when I finally figured it out. If you want a cool cute game, check this out. It looks really great. I recommend this game for the record.... my first time playing it, and I'm so glad that they made this game on pc. The options were really good, and the graphics were pretty good. I recommend playing this for the record....
