Photoshop is probably the most powerful photo editor in the world. Adobe Photoshop Elements is Adobe's entry-level multipurpose photo editing software. It's perfect for photos and for editing photos—from removing dust on a photo, to creating a works of art with filter effects, to helpful features like content-aware fill. With Elements, you can make use of features from Creative Cloud, and it has many Digital Locker features to make storing your photos hassle free. Adobe Photoshop Elements 2019 is the best photo editing software for the Adobe app, and it provides features from the full Adobe Photoshop. If you want the capabilities of the best photo editor in the world, Elements is your ticket. But if you're looking for photo editing software for rather "tweaking" your photos, Elements is the app for you.
